News from the Editor

I wish to apologize to the membership for not keeping up with the newsletter in 2008. My husband had heart surgery in February 2008; he is doing very well now after many changes to diet, medicine, and lifestyle. In late 2007 early 2008 I started to have difficulties with my computer. I limped along with the last newsletter (vol. 23, #1, spring 2008). Earl Cory our webmaster had to cut and paste pages together for me. Finally this fall I started getting the blue screen of death. If anyone sent me any email queries over the last 6 months, I remember someone sending me an email in the fall asking for me to conduct research for them, please re-send, thank you. At the moment I cannot access my old computer. I recently purchased a new computer, but my software is not the same. So I am learning Microsoft Works and am hoping this will work for future newsletters. Thank you for your patience.
