

Cory Family Reunion & Biennial Meeting

September 13-16, 2023
Pacific Grove, California

THURSDAY

Morning: Monterey Bay Aquarium
886 Cannery Row Monterey, CA 93940

Catch the city bus at about 10:30 AM for the Aquarium so we can be there at 11:00 AM.

An aquarium unlike any other. From sea otters to seaweeds, our unique oceanfront location and timeless galleries bring the wonders of the ocean to life for our visitors. But beyond their exhibits, they are transforming what it means to be an aquarium.

Frolicking sea otters, fast-swimming sharks, pulsating jellies and waddling penguins — their world-class exhibits and breathtaking scenery instill a love of the ocean in visitors. With over 200 exhibits and 80,000 plants and animals, the Aquarium is a window to the wonders of the ocean.

Afternoon: Rancho Las Palmas AKA Hiram Corey House, 100 River Road, Salinas, Built 1891

Carpool or bus to the Hiram Corey House. Hiram Corey was one of the most successful local farmers and stock raisers in Monterey County in the 1890s.

Corey and his wife designed Rancho Las Palmas with the assistance of a local builder named Bassett. The house is the finest example of rural Queen Anne architecture in Monterey County. It is beautifully sited in a canyon mouth opposite the Salinas River.

Dinner Thursday night at the Beach House at Lovers Point

The Beach House overlooks the Monterey Bay at Lovers Point. One of the Monterey Peninsula's most enchanting dining destinations. Lovers Point Beach has been a destination for over 100 years. The Beach House Restaurant at Lovers Point is great for dinner and cocktails with family and friends. As stewards of Lovers Point Waterfront, the Beach House works to make sure your dinner will be an occasion to be remembered. Their casual California cuisine is fresh and flavorful, innovative yet affordable. We will enjoy a remarkable meal in a stunning location.

The Path of History & Monterey Adobes

Self-Guided Tour of the Path of History! Take yourself on a tour of the Path of History by following the yellow tiles in the sidewalk or with this [informative map](#) and cell phone tour. The map and tour point out important adobes and structures such as Colton Hall, Custom House Plaza, Pacific House and the Golden State Theatre.

Notable Historic Buildings

The **Royal Presidio Chapel** is the oldest structure in Monterey, constructed by the Spanish government in 1794. It's also the first architect-designed building in California.

The original portion of the **Robert Louis Stevenson House** dates from the late 1830s. Here the author reportedly began his classic tale of adventure, *Treasure Island*.

In 1849, **Colton Hall** hosted the first California Constitutional Convention.

California's First Theater was built in the 1840s by Jack Swan, an English sailor, as a saloon and apartments. The 1st New York Volunteers, an Army unit stationed in Monterey, put on their first play at the building in 1850, establishing it as Monterey's theatrical destination.

Larkin House was the first house built in the Monterey Colonial architectural style. Thomas Oliver Larkin built it in 1834, adapting traditional New England motifs to the available redwood and adobe.

The **Custom House, Monterey State Historic Park**, at the entrance to Fisherman's Wharf, is the oldest government building in California and is California State Historic Monument #1.

Pacific House has served many different purposes in its history. Since it was built in 1847, it's been a military supply storage site, a hotel, a church and a ballroom, among other things. It's now a history museum.

Cooper-Molera Adobe was home to three generations of Coopers. Built in the 1820s and remodeled many times until 1900, it now houses a visitor center with a shop full of old-time treasures. Don't miss its historic garden.

Casa Soberanes is a Mexican Colonial adobe structure furnished with handsomely preserved antique furniture, artwork and silver.

Casa Serrano has a special significance in California's early history because it served simultaneously as one of the first schools after the U.S. flag was flown over the Custom House in 1846. Open on Saturdays and free to the public.

At 5:00 pm we will meet at Earl & Chris Cory's house in Pacific Grove for a Bar-B-Que and Tequila Tasting.
